Time Control

Applying FIDE rule concerning no player rated above 2200, the time control shall be 75 minutes to finish the game with 30 seconds increment after every move.

If there are any players rated above 2200 then the time control shall be decided by the Chief Arbiter in consultation with the Tournament Director e.g. 110 minutes for the whole game plus 10 seconds increment per move / 120 minutes play to the finish without increments (Rapidplay rules apply). Under this time control there is no need to record the game when there is less than 5 minutes on the player's clock. When a player has less than 5 minutes he/she may stop the clock and call for the arbiter. When both players have less than 5 minutes each the arbiter shall record the game for them.
